STEADILY DRIVE ALLIES BACK

German Army, Eight Hundred Thousand Strong, Pushing Ahead.

FEARFUL SLAUGHTER

Second Line of Defense in French Territory Said to Be Holding Well Under Enormous Presure.

Berlin, August 28—Headquarters has issued an official report declaring that the western enemy has everywhere been defeated and is in full retreat after nine days' fighting.

Gen. Von Kluk defeated the English army at Maubeuge, renewed the attack and threatened to surround it.

It is reported here today that a portion of the British force is at present shut up in Maubeuge.

Generals Von Buelow and Von Hausen completely defeated the Franco-Belgian forces, about eight corps, between the Sambre and the Namur and the Mus in several days' battle and are now pursuing them to the eastward of Maubeuge.

London and Paris unofficially report today that the last 48 hours the German army has steadily driven back the allies, and today is hurling 850,000 men at the center of the allies' line.

Neither London nor Paris expresses belief that the allied lines will hold against the tremendous assault. There is an undercurrent of fear that the road to Paris will soon be cleared for the invaders. Conditions in the French capital are described as being near panic.

Berlin today asserts that the French Belgians and English are being driven back with fearful slaughter, and that the German army is penetrating the allied line at Arras.

Paris, August 28—The second line of the allied defense, much of it well within French territory, is reported today to be holding well under enormous pressure from the Germans. There is fighting all along the front.

The government admits the Germans outnumber the allies, and that the latter are compelled to give way at the points where the pressure is greatest. But the war office indignantly denies that the French positions are being turned. It insists every retrograde movement has been provided for, and that "at the proper time" the allies will assume the offensive.

The British troops now hold the center. While the military chiefs refuse to confirm it, there is a general belief that this position now fronts areas on which the main German army is moving. There is no attempt to minimize the danger that the lines may not hold and the frank admission that the British expeditionary forces have now united and been placed where they must beat back the floodtide of the invasion or be overwhelmed proves conclusively that the French general staff believes the Germans are staking everything on one mass assault, the preliminaries of which have already started.

Paris, August 28—The following official bulletin was issued by the War Office last night:

"In the Vosges district our troops today resumed the offensive and drove back the Germans, who Wednesday had forced them to retire on the Saint Die side.

"The Germans Wednesday bombarded Saint Die, which is an unfortified town."

"In the region between the Vosges and Nancy, our offensive movement has continued uninterruptedly for five days. The German losses have been considerable. 2,500 bodies were found on a front of three kilometers, southeast of Nancy, and 4500 bodies on a front of four kilometres, in the region of Vitrimont.

"Longwy, a very old fortress, the garrison of which consisted of only one battalion, which had been bombarded August 3, capitulated yesterday, after holding out for over 24 days. More than half the garrison was killed or wounded.

"On the Meuse our troops have repulsed with great vigor several German attacks. A German flag was taken.

"The Belgian field army attached to Namur and a French regiment which supported it have joined our lines.

"In the north the British have attacked forces greatly superior in number and were obliged, after brilliant resistance, to withdraw a little in the rear on their right.

"Our armies maintained their positions in Belgium. The army of Antwerp by its offensive has drawn off and held before it several German divisions."

NEWS OF THE DAY.

A wireless dispatch in London from Berlin states that Emperor Franz Josef of Austria has sent the following congratulatory message to Emperor William: "Victory after victory; God is with you. He will be with us also. I most sincerely congratulate you, dear friend; also the prour heroes, your dear son, the Crown Prince and Prince Ruprecht, as well as the incomparable brave German army. Words fail to express what moves me, with me, my army, in these days of world history."

The Tokyo government officially denies that a Japanese flet will be sent to the Adriatic Sea.

It is announced officially that the light cruiser Magdebourg ran ashore in a fog at the entrance to the Gulf of Finland. All efforts to refloat the vessel having failed, the captain decided to sacrifice her as a superior Russian naval force was preparing to attack her. Under a heavy fire from the Russian fleet the majority of the cruiser's crew was saved by the torpedo boat V 26. Seventeen of the men were killed, twenty-one wounded and eighty-five are missing, inclung the captain. The Magdebourg was blown up and the survivors have reached a German harbor.

The following printed notice has been found on a number of captured Germans: "Think of the blood that flowed in 1870 to crush our hereditary enemy France, who has now spurred on the Russian colossus to attack us. Give no quarter; kill all these barbarians; these accursed scoundrels so that Europe may repose in peace." A Belgian refugee who has just arrived in Paris says the town of Chimay has been utterly destroyed and that German corpses are piled on the roads twelve feet high. Another refugee says Mons and Charleroi are now smoldering heaps of ruins and that bodies are piled in frightful heaps at the entrance to the towns.

Several Austrian army aviators, who had crossed the Galician frontier to reconnoiter the positions of the Russian troops, have ben captured by women. The aviators landed near a village. Anumber of women surrounded the airmen. The latter drew their revolvers to defend themselves, but were overpowered.

Travelers arriving at Copenhagen from Berlin say the war has caused intense suffering among the people and that prices have risen 50 per cent. Manufactories have closed down. It is said that in official circles in Berlin there is a feeling of nervousness over the attitude of Italy. The Germans are about ready to abandon the idea of getting any help from Italy and they will satisfied now if the Italian government will remain neutral without giving any help to England, France and Russia.

The cardinals who met yesterday in the seventh congregation preparatory to the conclave which will select a successor to Pope Pius, were perturbed over a report that seventeen prelates in Liege were being held by the Germans as hostage against acts of hostility on the part of the populace of the Belgian city.

Complete returns from the Fifth Congressional District of South Carolina make the re-election of Representative David E. Finley a certainty. His majority over his opponent, W. F. Stevenson, was large. The early returns indicated the defeat of Mr. Finley. United States Senator E. D. Smith's majority for renomination is 12,312. His plurality over Governor Cole L. Blease, his chief opponent, is 16,314.

TWO BATTLES IN EAST PRUSSIA

First Real Test of Strength of Austrians and Prussians.

RUSSIA AGGRESSIVE.

Prussian Outposts Withdrawn from Position Along Alle River—German Army Corps Isolated.

London, August 28, 3 P. M.—Russian hordes are sweeping everything before them in their march through Eastern Prussia. The swiftness of the advance has even surprised the Russian commanders, according to dispatches. Berlin is declared to be exceedingly apprehensive lest the Russians will attack the city before aid can be sent back from the western campaign.

A dispatch to Reuter's Telegraph Company from Paris says;

"After the victory of the Russians the troops in East Prussia evacuated the district of Masurenland. (Southern East Prussia.)

"The Russians sustained no check in this very difficult position, and yesterday they occupied its western outlets. It is confirmed that they have cptured hundred guns from the enemy.

"In Galicia the Russian offensive is being continued normally, south and southwest of Franpol."

St. Petersburg, August 28.—The first real test of the strength of the German and Austrian defense is being made today. Two general battles, one in Eastern Prussia and the other in Austrian Galicia, are being waged.

The Austrian battle has for its objective Lemberg, capital of Galicia, General Wanaff, with a Russian army of moe than 200,000 men, heavily supported by artillery, has attacked the fortified Austrian positions along the Sereth River, and in the Dneister River Valley.

Russian aeroplanes have already flown over Lemberg and report that heavy Austrian reinforcements are being sent to the scene. Another strong Russian force is moving to General Wanaff's assistance. This column is moving from the northeast and is said to comprise three army corps. It is the intention of the Russians either to capture or isolate Lemberg before any further advance is made.

In Eastern Prussia the Russians are now pressing Koenigsberg, the Prussian outposts having withdrawn from the positon along the Alle River. The Twentieth German Army Corps, which suffered severely in the earlier fighting, is now isolated in the forts at Allenstein. The German forces are now massing on new positions and are preparing for their first real stand.

A meeting of the members of Columbia Steam Fire Engine Co. was held last night in the engine house, on South St. Asaph street. Vice President John Leadbeater presided. Twenty-three members of the company are attending the meeting of the State Firemen's Association in Portsmouth, Va.

ADVOCATES BOYCOTT.

A prohibition speaker, imported from Ohio to tell the people of Virginia, how to manage its liquor traffic in a speech at the Opera House last night advocated the use of the boycott against those who oppose state-wide prohibition.

He told women in the audience that they could aid the prohibition cause by refusing to trade with the proprietors of stores who were not in sympathy with their views on the liquor traffic.

He made particular reference to the newspapers which carried liquor advertising and which espoused the anti-prohibition cause, declaring that readers and advertisers could force the newspapers to change their editorial policy by withdrawing their support.

While the Gazette was not mentioned and the speaker declared that he was not familiar with local conditions, it was clearly evident that the remarks were intended to apply to Alexandria and to this newspaper. If such be the case, the Gazette gladly accepts the challenge as thrown down by the anti-saloon leader. We have advocated the cause of local option because we are absolutely convinced that it be to the interests of Alexandria and that the passage of state wide prohibition would do this community great harm. Our motives have not been influenced by the advertising we have carried for the local option people nor by that of the local prohibition people, nor will any boycott or withdrawal of support change our position one iota.

During its one hundred and forty years of honorable career, the Gazette has had many times taken positions which have been at variance with the views of its readers and as a result of standing by the principles it advocated has faced boycotts and competitions from those who were strong enough to make themselves felt and idle threats from those who were impotent. The Gazette has many friends among those who favor prohibition, and we would regret to see them take a stand which would mark the parting of our ways, but if a continuance of their support and friendly relations means the abandonment on our part of principles which we believe are right and for the best interest of the community, we cannot reach the parting place too quickly.

FOR SIEGE OF PARIS.

Preparations Are Being Made at French Capital to Withstand Attack.

Paris, August 28—Paris, it was officially announced yesterday, is preparing for a possible siege. The matter was discussed by the new Minister of War, Alexandre Millerand, with the subordinates of his department and steps were taken to determine the exact measures necessary to place the city in a state to withstand an attack and invasion.

M. Milerand will meet with the other officials of the War Office every morning for the consideration of developments and every possible phase in connection with an entrenched camp such as the capital will become.

The government is taking precautions to send most of the wounded to Southern and Western France and few to Paris. Refugees from Belgium and Northern France are not permitted to remain here. This city is simply a way station towards Southern and Western towns. Americans and other foreigners in the capital are beginning to understand that their presence in the city will not be desirable.

ALARM OF FIRE.

A bed in the residence of Millard Padgett, 815 Oronoco street, was found to be burning about eight o'clock last night, and an alarm of fire was sounded. The flames were speedily extinguished before any serious damage followed.

NEGRO FIEND ATTACKS WOMAN

Suddenly Appears in Her Room in Danville Hotel at Night.

HE IS SCARED AWAY.

Police Obtain Description of Assailant and Believe They Will Soon Have Him in Custody.

Danville, Va., August 28.—The local police force and the police of other cities on the Southern Railway were warned of, and given a description of a negro who early Wednesday evening is alleged to have attempted an assault on a young woman named Agnes Hawkins, formerly of this city, but now of Lynchburg, who arrived here on Tuesday night and where at 6:30 o'clock Wednesday evening the assault is said to have taken place. The negro, whose name is George Beard, had until an early hour yesterday morning evaded capture.

According to the woman and who is verging on hysterics, she went late Wednesday afternoon to a moving picture house in the city, and after returning to the hotel, went to her room, where she partially disrobed. While reading she heard a voice apparently coming from the floor below commanding her to "pull down the shade in room 81," her bedroom. Somewhat alarmed, the woman called for ice water and when the bell boy appeared she questioned him about it and expressed her annoyance at the incident. At 6.30 o'clock there came a knock at her door, and before she had time to answer it, in walked a large negro with a moustache. He was of a light color and she judged him to be about twenty-five years of age.

As he entered the room he turned and locked the door behind him, then he deliberately walked to the dresser and began pouring ice water into the pitcher standing on it.

The woman, who was genuinely alarmed, asked him what he wanted and at that he strode up to her and after making an insulting remark, grasped her by the arms. The woman's only weapon was her voice, and she told the negro that unless he let go of her immediately she would scream.

This apparntly unnerved the black, who at once drew back, apologizing, and he slipped from the room. Miss Hawking at once took the receiver from the hook of the telephone and intended calling the clerk, but she said she could get no answer. In great fear and afraid to venture outside of her room she remained alone for ten minutes when a friend called her over the telephone and she told him to meet her at a restaurant, exclaiming that something terrible had happened." Within a few minutes she was relating her story to the man she met and later when she told two police officers about it she became entirely unnerved and hysterical. She remained at the home of a friend Wednesday night.

The police immediately started to look for the negro, who is well known to the force, and whom they expect to capture. He has distinctive marks about him.

SEVENTH AGAINST STATEWIDE.

Clerk of Albemarle Circuit Court Discusses Situation in Important Section.

Richmond, August 28.—The sentiment in Albemarle County and in Charlottesville City is anti-State-wide, and the Seventh Congressional District will go against Statewide prohibition by a narrowed margin, is the opinon expressed here today by W L. Maupin, clerk of the Albemarle County Circuit Court, who is attending the convention of the Court Clerks' Association. Mr. Maupin is in a position to know more about the status of his county and city than any other man and his judgment counts in the district as a whole has been the belief for years. The Seventh District embraces the large Valley counties.

SPOKE ON PROHIBITION.

Rev. Dr. P. A. Baker Appeared at Opera House Last Night.

Sam Small, formerly of Atlanta, Ga., will speak in this city next week on the prohibiton question.

DESOLATION IN BELGIUM.

Only 19 Houses Out of 500 Remain Standing in Herve.

Berlin, via Copenhagen, August 28.—The Tageblat's correspondent writes that Namur was bombarded with howitzers of 31 centimeters, by mortars and by one 42-centimeter howitzer. He says he could plainly hear the shells striking the forts and that everyone was astonished at the precision of the German guns.

The Tageblat's correspondent describes the desolation that reigns in the villages and small towns between Liege and Namur. At the town of Herve only 19 houses remain standing out of 500. These remaining carry placards expressing sympathy with the German soldiers and asking that they not be fired upon.

The success of the German arms in Belgium, says the Tageblat, is attributed by military experts to the swiftness with which the German operations were carried through and also the delay of assistance promised by the French, who arrived too late both at Liege and Namur.

PRICES CLIMBING DESPITE PROBE

300,000,000 Bushels of Surplus Wheat Said to be Stored Away.

BLAME THE FARMERS.

Holding Crops for Rise in Prices, Which Continuation of European War Is Sure to Bring.

Philadelphia, August 28.—Food prices showed a tendency to advance yesterday, despite Federal and State investigations which are being conducted to determine whether dealers have conspired to take advantage of the war to boost prices. Sugar, wheat and flour went up. Wheat soared to $1.27 a bushel on the Chicago Exchange before noon yesterday, and immediately after the rise in price was announced one of the biggest mills in this section advanced the price of flour to $7 a barrel.

The blame for the increase in grain prices is placed by dealers on the shoulders of the farmers. On the advice of persons who are posted on the foreign situation it is said the farmers are storing their wheat, preferring to borrow money on it rather than to sell outright. Brokers conversant with the grain market assert that 300,000,000 more bushels of wheat than are needed for the home supply are now stored in elevators awaiting further advances, which a continuation of the European war is almost sure to bring. The late wheat crop this year was immense, and, in the opinion of local brokers, practically the entire crop, instead of being marketed at home or abroad, was held for the anticipated rise in prices.

If any sudden development which should bring about peace in Europe should occur the financial losses of farmers and speculators who are holding the wheat would be enormous. A continuation of present conditions would tend to bring about just the reverse resulting in enormous profits for those who are holding wheat. Judging from the present outlook, brokers say that the only thing that would bring about cheaper grain prices in the United States would be a Government embargo on grain exports.

Fine table grades of sugar retailed yesterday at 7 1-2 and 8 cents a pound. The foreign markets are said to be offering unusually high prices for sugar and American dealers are preparing to take advantage of the opportunity. At the present time there is said to be more raw and refined sugar in this country than there has been in the last five years. In the past sugar exports have been small, the bulk of the sugar consumed here being imported.

NORWEGIAN STEAMER SUNK.

Hits Floating Mine in North Sea—Eight Lives Lost.

London, August 28.—The Norwegian steamer Gottfried has been blown up in the North Sea by a floating mine. Eight members of her crew lost their lives.

The captain of the trawler and three others were picked up from floating wreckage and brought into Shields by the fishing boat Norden. Officers of the latter say they were alarmed all through the night by distant explosions, which followed each other at intervals from 9 P. M. to 4 A. M. At about 6 o'clock in the morning the lookout on the Norden sighted and picked up a man floating on a plank. He declared that the Gottfried had been blown up three hours earlier and had gone down immediately with eight members of her crew. The dead men had been literally blown to pieces. Later the captain of the Gottfried was found floating in a life belt, and two others of her compliment were rescued from floating wreckage.

Frederick M. Davenport, of Clinton, N. Y., was named for governor on an unofficial ticket selected yesterday by the Progressive State conference. Bainbridge Colby, of New York, was selected similarly for United States Senator.

WHISKIES HIS UNDOING.

Lem Hutchins is in bed with a smooth face and a sprained hip. Lem read somewhere that whiskers were uninsanitary, and forewith, without consulting Mirandy, walked to the village barber and had his 25 years' growth, almost a quarter section of alfalfa, removed. Lem meandered home in the moonlight, feeling like a picked hen, and sneaked to bed without awakening Mirandy.

She awoke at dawn and noticed an unfamiliar face on the pillow beside her. She vigorously moved her feet in the middle of Lem's back and followed this up with a kick that rolled Lem downstairs.

Then she threw him over the fence, where he lay until he told a neighbor who he was.—(Enfield. Mail), dispatch to New York World.

The present City Council will become a thing of the past at noon next Tuesday. Several familiar faces will be among the missing when the the clerks of the respective boards call the members to order after the clock in the City Hall steeple shall have tolled out the hour of twelve.

The clerk of the court has prepared the credentials of the new members and all arrangements have been made for the organization of the two bodies.

There will be two changes in the personnel of the Board of Aldermen, where George Robinson will take the place of F. F. Marbury from the Second Ward, and Maurice Wilkins that of K. W. Ogden from the Third Ward.

There will, however, be several changes in the Common Council.

F. F. Marbury will occupy the seat now held by Urban W. Lambert.

In the Second Ward Messrs C. W. Wattles and Wm. Desmond will succeed Messrs. R. W. Graham and Julian Y. Williams.

In the Third Ward James Bales will take the place of Charles Sullivan.

The first duty of the bodies will be the election of presiding officers, clerks and messengers. In the Lower Board Howard W. Smith is a candidate for the presidency to succeed R. D. Brumback, and D. R. Stansbury a candidate for clerk to succeed himself. In the Upper Board Henry K. Field is a candidate for the presidency to succeed F. F. Marbury, who will take his seat in Common Council L. H. Thompson will be a candidate to succeed himself as clerk. The present messengers of each board will be without opposition.

It is said that a meeting may be held by the expiring Council tomorrow night to pass ordinances providing for modern paving on North Lee street. The property owners on the squares between King and Queen streets have signed the necessary papers for that work and should the requisite number of members ask for a called meeting it will be called by the president of the respective boards.

WATER SAID TO BE BLAME.

Dr. Waddell Completes Investigation of Typhoid Fever Conditions.

"There is no doubt but that the water supply of Alexandria is entirly to blame for the typhoid epidemic now existing in this city," said Dr. J. A. Waddell, of the Virginia Board of Health, who has been making an investigation of the typhoid situation here. Dr. Waddell completed his work in Alexandria yesterday and left this morning for Richmond. He will not finish his report for several days as it will take considerable time to complete the statistics and arrange the data. Yesterday he made a trip of inspection of the water shed of the Alexandria Water Company and found but little change in the situation as previously reported. He said that the only remedy was the installation of a filtering plant in addition to the clorine sterilization plant which the company has in operation.

Two new cases were reported to the health office today. According to the statistics published yesterday the death rate is much lower this year than previously.

Will Work on Roads.

Guard Mitchell came to this city today and took from the city jail John Brown and Lee Alexander, both colored, for the purpose of placing them upon the public roads. Brown, it will be remembered, shot at Hugh Burke, colored, in the southeastern section of the city recently. Alexander was convicted of disorderly conduct and vagrancy. Brown will serve six months should he fail to pay a fine of $50, and Alexander will serve 90 days.

VILLIFICATION NOT AN ARGUMENT.

Since the opening of the prohibition campaign in Alexandria we have heard four speakers discuss the affirmative side of the issue and all of them have given up a considerable portion of their address to the abuse of persons who will vote against State-wide prohibition in the coming election. The speaker at the Opera House last night was not an exception and he classed the anti-prohibitionists as skinflints, who secure additional revenue for property used for saloon purpose, murderers, thieves and white slaves From his remarks one would judge that the Statewiders have absorbed all the visible supply of moral and civic virtue in the community and that only the lowest class of citizens are arraigned on the other side.

We had expected to hear something different from the speaker of last evening as he came with the reputation of being a "logical" speaker and the very flower of the flock that receive big salaries for handling the political destinies of the Anti-Saloon League. But he, like the lesser lights of his calling, has evidently found that it is easier to use intemperate language that catches the crowd than it is to present solid facts that appeal to reason instead of to sentiment.

The question at issue with us—Will Alexandria be benefited by the passage of the State-wide prohibition act?—must be answered by an appeal to reason, not by villification, not by calling hard names, and certainly not by assuming that everyone who votes No is necessarily actuated by vile motives, and is bribed by those who are engaged in the liquor business.

ROOSEVELT OUT AT PROPER TIME.

The New York World says:

"Poor Roosevelt! He must be desperate indeed if he thinks he can make political headway at this time by his demagogic sneers at President Wilson's foreign policy.

"Since the madness of military autocracy plunged Europe into the most staggering war of all history, most Americans are profoundly grateful that Woodrow Wilson is president and that Theodore Roosevelt is not. With Mr. Wilson as President everybody knows that the United States can avoid being drawn into this suicidal confict. If Mr. Roosevelt were President, the United States would be sitting on a powder barrel, waiting for the inevitable spark. In fact, Mr. Roosevelt is about the last person in the country whom any sane American would wish to see in the Presidency in a crisis like this, which calls for a cool head and steady nerves, common sense, and clear brain.

"That Mr. Roosevelt should have ventured to assail Mr. Wilson's patriotism indicates clearly enough that he has lost touch with popular sentiment. He fails to appreciate the tremendous change in public opinion which has come about sinc the Kaiser's declaration of war. The American people were never less in a mood for big-stick bluff and bluster, and they never had a lower opinion of war-lord politics."

"ON TO BERLIN" RUSSIAN CRY

Czar Contemplates Attack Upon Prussian Capital in Three Weeks.

St. Petersburg, via Rome, August 28.—That the plans of the Russian army contemplate an attack on Berlin within three weeks is officially admitted . At the same time it was stated that not only has the Russian mobilization been completed but that 8,000,000 men are now under arms.

The troops have been divided into four armies of 2,000,000 each. These armies are being sent into the field from the inland mobilization centres to operate one behind the other, the armies in the rear filling the gaps in the ranks of those in front after each general engagement.

Because of the enormous forces that will be in the field it is reported to be the general plan of the Russian offensive not to try to take the German chain of main forts by storm. Instead the Russians will attempt to isolate each of them, leaving a large enough force at every point to keep the garrisons bottled up and also to prevent any attacks on their flanks or their own lines of communication.

The main Russian advance, it is expected, will approach Posen from the south, crossing the south bend of the Warta river some miles from the Russian frontier, and then move against Posen between the Oder and Warta rivers.

WILL POSTPONE CORONATION.

Cardinals Decide to Hold Ceremonies After War.

Rome, August 28.—The coronation of the newly-elected Pope will not take place until after the European war is over. This was decided at a congregation of fifty cardinals in the Vatican yesterday.

Supporters of Cardinal Dominic Ferrata express belief that his prospects for election to the papacy at the forthcoming conclave to succeed Pope Pius X have been strengthened by the declination of Cardinal Diomede Falconio to be a candidate.

There are strong evidences that political currents are at work under the surface. The press declares that a strong combination is being formed among the foregn cardinals and the belief holds that the sacred college is more divided than usual.

The conclave will be convened on Monday, notwithstanding the fact that all of the foreign cardinals will not have arrived here by that time.

CORNS QUIT, PAINS STOP, WITH "GETS-IT."

Quit Plasters, Salves and What-Not. After using "Gets-It" once you will never again have occasion for asking, "What can I do to get rid of my corns," "Gets-It" is the first sure, certain corn-ender ever known.

If you have tried other things by the score and will now try "GETS-IT" you will realize this glorious fact.

You probably are tired stickling on tape that won't stay stuck, plasters that shift themselves right onto your corn, contraptions that make a bundle of your toe and press right down on the corn. Put two drops of "GETS-IT" on that corn in two seconds. The corn is then doomed as sure as night follows day. The corn shrivels. There's no pain, no fuss. If you think this sounds too good to be true try it tonight on any corn, callus, wart or bunion.

SAWED WAY TO LIBERTY.

One-Armed Man Escapes From Henrico County Jail.

Richmond, August 28.—Sheriff L. H. Kemp, of Henrico county, has offered a reward of $100 for the capture and return of the prisoner, Frank Woodward, who yesterday morning made his escape from the Henrico jail.

Sawing his way through three separate sets of bars and crawling over the bodies of two of his sleeping fellow-prisoners, Frank H. Woodward, alias Geo. Howard, who had been committed to Henrico jail by the United States authorities on a charge of operating a defrauding scheme through the mails, Wednesday night, made a complete getaway from the jail.

GERMANY'S CONDITION.

Bernstorff Says Country Has Plenty of Money.

Count von Bernstorff, the German Ambassador, arrived in Washington from New York yesterday after spending the summer in Germany.

"Is Germany in need of money to carry on the war."

No. We have plenty of money for political purposes. The government does not need money. We are prepared fully in that way. The sending of money by the American Red Cross to care for the wounded and by those Americans who want to help the families of soldiers is another thing. It will help, although it may not be needed. Such practical sympathy is appreciated, of course."

SEA FIGHT WAGED IN FOG

Cruisers Essex And Bremen Believed to Have Been in Conflict.

Philadelphia, August 28.—A naval battle, believed to have resulted disastrously for one or more participants, was fought yesterday five miles off Cape Henlopen. Beginning at 2 o'clock yesterday morning and lasting until nearly noon, a terrific cannonading was heard.

Wreckage floating ashore yesterday afternoon gave evidence of a severe fight, but there were no marks to give a clue to the identity of the battered warships. Spars and a portion of a ship's bow were cast upon the beach.

It is believed that the British warship Essex battled with the German cruiser Bremen. The Essex has been off the Delaware Breakwater for more than a week looking for the North German Lloyd steamer Brandenburg, which left here with stores for German warships. The Bremen was also reported by wireless to have been waiting for the Brandenburg.

The battle raged in a fog.

Every once in a while the fog would lift, a flash would be seen followed by other flashes and then the muffled roar of ships cannon. Throughout the day the faint boom of guns could be heard, trailing off toward sundown from a distance which life-savers estimated to be about 10 miles out.

At one time a bright glare flared into the sky, which life-savers say was due to a fire on one of the battleships, probably a magazine explosion.

DAILY GAIN IN WEIGHT

Comes to Those Who Use Samose, Says Druggist, Leadbeater And Sons.

The poor, thin, emaciated person, when he or she becomes plump, rosy and robust by using Samose, forgets that there is such a thing as weakness and underweight

Samose restores health to the whole system so that the tissues assimilate from the food all of those elements which make solid bone, firm muscle, pure blood, and sufficient fat to restore beautful and symmetrical outlines to the figure.

An increase in weight is seen from the first week's use of Samose, but if it does not restore you to your proper weight and give you full vigor and vitality, Druggists E. S. Leadbeater & Sons will return your money. You certainly can afford to try Samose on this guarantee. E. S. Leadbeater & Sons.
